

SINGLE-STREAM RECYCLING

THE CAMPUS COMMUNITY AND CUSTODIANS WORKING TOGETHER FOR WASTE REDUCTION

Blue bins are provided for you to take full advantage of our single-stream recycling program. Everything except food waste, tissues, paper towels, and styrofoam goes into your blue bin and we'll take care of the rest! For any questions, e-mail the Office of Sustainability at sustainability.usask.ca.

Contamination hurts our recycling program. Put food, tissues, napkins, and paper towels in the black bins.

Nearly everything you toss out can be thrown in your blue bin. Rinse dirty items and flatten cardboard. For a full list of recyclable and non-recyclable items, visit our web page.

WASTE REDUCTION STARTS WITH YOU!
